- NOTE:**
- All product specifications are averages derived from product sample testing and are subject to normal manufacturing tolerances and testing tolerances.
 - Product specifications may be changed without notice as long as product performance is not materially affected.
 - The subfloor should be dry, smooth, flat, dust-free and resistant to compression load bearing
 - Where seaming is necessary, an appropriate seam sealant or tape must be used for all such installations.
 - Due to dyelot variations, actual material may vary slightly from the samples.
 - Chair pads for castor chairs are highly recommended to prevent premature wear of carpet during usage.
